To avoid accidents and injury to the face, mouth and teeth:

For infants:

- ☺ Give approved, one-piece teething rings.
- ☺ Use safety-gates across stairs.
- ☺ Always use approved car seats in automobiles.
- ☺ Make sure toys are age-appropriate.
- ☺ Keep electrical cords disconnected and out of sight.

For toddlers:

- ☺ Keep doors and drawers closed.
- ☺ Keep floors clear of objects that could cause a fall.
- ☺ Avoid non-adhesive scatter rugs.
- ☺ Put away unstable or sharp-edged furniture.

As they grow:

- ☺ Continue to use approved car seats and seat belts.
- ☺ Ensure your child wears a dentist-approved mouthguard and facial protection for sports.

If your child receives a blow to the teeth, call us immediately, even if there is no obvious damage!
